MAUS MasterPlan Business Plans

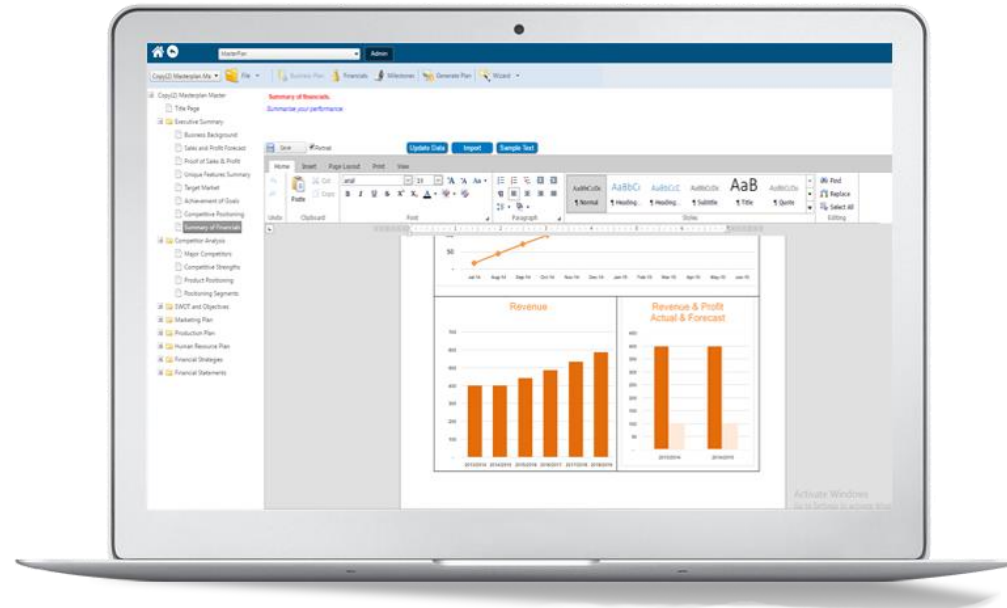

"The support and training I received from MAUS was very helpful for my business. The software is very professional and easy to use. Thank you very much to everyone at MAUS!"

- Birgit Werner

MasterPlan is the perfect tool for writing professional business and marketing plans in 50-90% of the time. MasterPlan automatically creates your plan, produces your budgets, and sets out a milestone schedule. Easily generate your plan into an MS Word at the click of a button.

- Marketing & Business Planning Wizard: Intelli-Text© technology steps you through the process, prompting you with over a hundred new ideas. Includes web marketing, competitor analysis, & more.
- Automatic Financials: Type in the opening sales and costs and the program will produce a full set of financials, complete with cash flow, breakeven, actual vs. budget comparisons, and graphical analysis.
- Milestones & Goals: Allocate projects to your workforce as you write the plan to drive your business forward.
